# BLEU BRUT

## WATERSIDE JOURNEY

Simply dressed, the warmth of its presence surrounds the place like velours. Its sight reveals a deep clarity of minerals and a unique balance. Carried by the current of a journey on the water's edge, by remaining true to itself, it pays tribute to the life it bears within. That of its elders is the seed of tomorrow; but that of today is the fruit full of boundless energy and the entry into the world of BB.
