EXTRA BRUT

OLD SEAMAN

Sitting facing an ocean that melts into the night of the starry sky, BB's Extra Brut only reveals itself to those who appreciate contemplation. For anchored within the depths of its being are the secrets of a thousand and one journeys. Its broad gold robe however betrays the profundity and generosity of its golden heart. It speaks with a deep, cavernous voice marked by the grace of age, entrusted to fortunate aspirants, with rich buttery notes of brioche and other hidden treasures.
